

SM FP-6C flexo printing machine

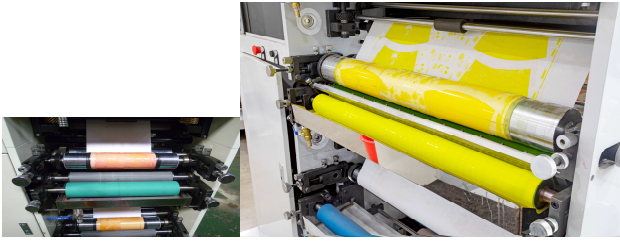

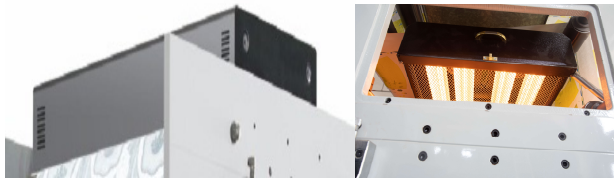

:

Technical parameter		Standard configuration	
Printing speed	60m-80m/min	Adjust speed motor 90W	6pcs anilox roller
Printing color	6 colors	Main motor 4.0KW (shanghai)	6pcs rubber roller
Print max width	1000mm	Frequency conversion motor 7.5KW	6pcs doctor blade
Unwind roll width	1000 mm	Magnetic clutch 200N (huaguang)	6pcs ink fountain
Unwind roll diameter	1300mm	Magnetic break 50N (huaguang)	
Rewind roll max diameter	1300mm	Rewind automatic tension control (chuying)	Accessory
Printing length	175-380mm	Unwind automatic tension control (zhongxing)	
Registering accuracy	±0.15mm	Frequency converter 4.0kw	Tool box
Voltage	380V±10%	Frequencyconverter 7.5KW(BlueOcean Huateng)	6pcs Bottom mat
Total power	50kw	6pcs gear motor 60W	
Air press	0.6MP	6units IR dry	
Oil system		Rewind unwind hydraulic system 1set	
		AC contactor	
Dimension	6800mmX2100m mX2050mm	button	
		6units temp control	
Add Device: 1、 Group 1 UV 2、 Corona device 3、 rectifying device			
payment	T/T, 50% deposit by t/t, 50% pay by t/t before shipping.		
Packing & shipping	Wooden case & shipping by sea		
Delivery	Standard configuration 60days ,		

Port of departure:

1. Port of destination:
2. Packing: Export-standard and sea-worthy wooden case.
4. Shipping Mark: to be determined at customers' option.
5. Terms of payment: By T/T50% deposit, 50% Before shipment.
6. Delivery time: Within 60 days after received the deposit

The main components

	Printing group
	Correction device
	Drying device
	Motor
	Automatic feeding system

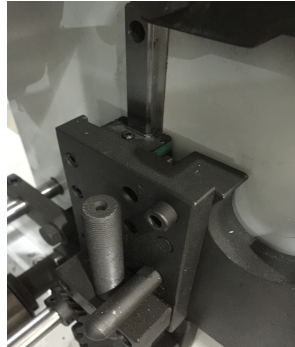

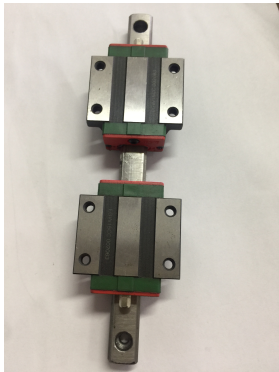

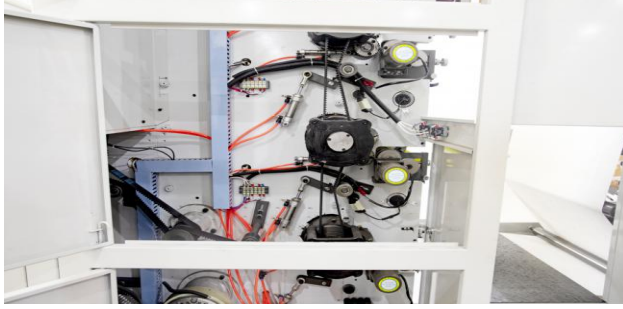

Electrical box

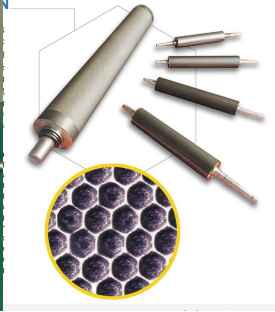

Console

Drive set

**Lifting with
guide rail**
