

ITEM	DESCRIPTION			
1	SM SP-297-2 Single Pass Printer with 1pc HP FI1000 head			
2	HP FI1000 Print Head	2150.00	1PC	
3	Waterbase dye ink	10.00	1LITER	
4	Waterbase pigment ink	12.00	1LITER	
5	Waterbase pigment ink(Customized)	18.00	1LITER	
		Model	SM SP-297-2 Single Pass PRINTER	
		Print size	297mm/580mm	
		Print height	0~200mm	
		Print color	C、 M、 Y、 K	
		Print head	HP FI1000 Industrial print head	
		Ink &materials	Water-based ink pigment ink/dye ink (For Airplane box, carton, handbag, packing box, etc.)	
		Ink supply system	Cartridge filing type	

	Color optimization system	Adjustable ink color
	Ink Stable system	Keep ink at constant temperature
	Ink circulation system	4pc/8pc individual ink circulation systems
	PLC and Touch Screen	Easy to operate machine
	Suction system	Fix printing materials
	positioning device	Print accurately
	Interface	RJ45
	The Z axis transmission	Double guide screw, manual automatic integrated adjustment
	Spray print function	Pattern,QR code,bar code,drug supervision code, character,etc.
	Material	Airplane box, carton, handbag, packing box tiles.etc
	Input Format	PDF,JPEG,TIFF,AI etc
	Input voltage	220V/AC,50/60Hz;1KW
	Locate mode	Software data locate
Technical Support		
		2 English Manual
		3 Online Support
Package	N.W./G.W.	300KG/450KG
	Printer Size	2000×1400×1560(mm)
	Package Size	2150×2150×1750(mm)
	Packing	Fumigation-Free Wooden Case
	HS code	8443321300

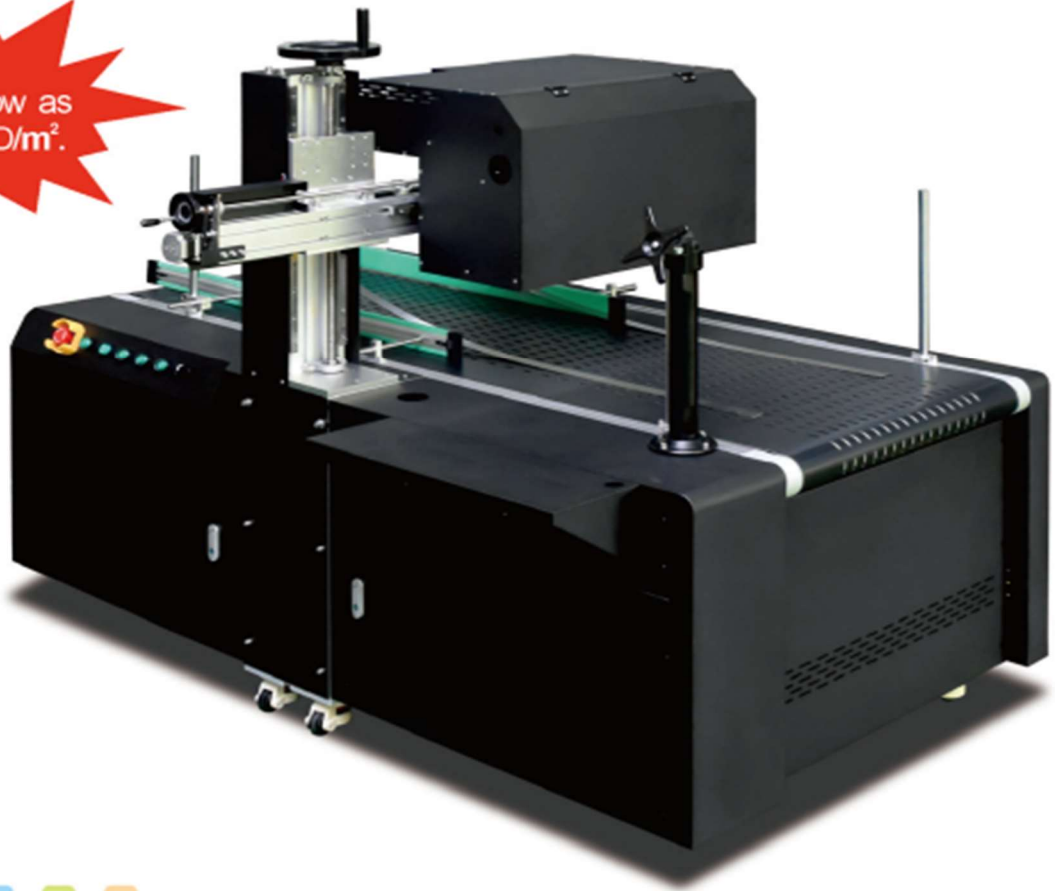

Specifications:

Model:	SM SP-297-2 Printing width
Printing width:	297mm/580mm
Printhead type:	HP F1-1000 industrial printheads
Printing resolution:	1200x300dpi 1200x600dpi 1200x1200dpi
Printing speed:	6-20m/min
Printing mode:	Single pass printing
Ink colors:	CMYK
Ink type:	water-based environmentally friendly ink pigment
Head Quantity:	1-2pcs
Printing height:	0-200mm
MAX bed size:	600mm, bed size and printing size can be customized
Material feeding mode:	Bi-direction in and out conveyor belt feeding
Ink system:	Cartridges
Data interface:	RJ45(Gigabit Ethernet port)
Z axis adjustment:	Double leadscrews, automatic & manual adjustment
XN positioning mode:	Software
Power:	220V/AC ($\pm 10\%$), 50Hz; 1.1KW(MAX)
Machine weight:	400KG
Machine size:	2000mm[L]x1400mm [W]x1560mm[H]
Package size:	2200mm[L]x1500mm [W]x1660mm[H]

Cost as low as
0.02USD/m².

Product configuration

Wear-resistant conveyor belt

High quality conveyor belt, operation noise small, wear-resistant, anti-corrosion, and long time lifetime

Aerospace aluminum profile beam

Aerospace aluminum profile beam is light weight and high intensity, wear-resistant to ensure the printing process of the equipment is steady as a rock, and the printing effect is stable.

Brand switch wire

International brand switch wiring,high quality wire and stable transmission signal without interference.
